MESSRS. J. & J. TAYLOR,
Safe Manufacturers, Toronto,

Gentlemen,—In reply to your application, I beg to state that the Safe manufactured by you, and purchased from Messrs. R. Lewis & Son, by this Company, a few months since, was in the Elevator during the late fire which destroyed that building, and remained in the burning ruins for eight days. Upon the Safe being recovered and opened, the contents, consisting of Drafts, Bank Notes, and other moneys, in value amounting to nearly Five Thousand Dollars, with books and other papers, were found to be in a good state of preservation.

Yours truly, **S. SHACKELL, Freight Agent.**

Intending Purchasers who wish a reliable article will find it to their advantage to give us a call before purchasing elsewhere.

PREFACE.

In producing this, the first edition of the Directory for the County of Ontario, the publishers beg to assure the public that every effort has been made to render it a complete index to the professional, commercial, manufacturing, and farming communities of the County; and, though it is next to impossible, in a work of this nature, to have it entirely free from errors, they feel that their experience and success hitherto, in the Directory line, should satisfy their patrons that nothing has been left undone, compatible with an early issue, and accuracy that could be desired by even professed fault-finders.

The Publishers desire to present their acknowledgements to the County Officials, Editors of the different papers, and other gentlemen, who have kindly aided them in the undertaking. They also beg to acknowledge their gratitude for the patronage and encouragement received, at the hands of professional and business-men, generally; and they trust the advertisers will find their investments profitable to them, as the work will be of lasting utility to the thousands of readers who will have constant occasion to consult it.

COUNTY OF ONTARIO.

THIS county is bounded on the north by the county of Simcoe and the lake bearing the same name; on the east by the counties of Victoria and Durham; on the west by the county of York; and on the south it is watered by Lake Ontario. It is divided into two ridings and contains eleven townships, viz: Pickering, Whitby, East Whitby, Uxbridge, Reach, and Scugog, in the south; and Scott, Brock, Thorah, Mara, and Rama, in the north. The Grand Trunk Railroad traverses the southern portion of the townships communicating with Duffin's Creek, Whitby, and Oshawa. There are numerous roads, both gravel and common, through the county, some of which—especially in the north riding—would be much pleasanter to the traveller were they better attended to. The general aspect of the county is undulating and alternately woodlands and cleared farming land; the soil is rich and productive, in fact, Ontario county is well-known throughout Canada as being probably the best in the Province as an agricultural district. The farmers generally own the land they occupy; their buildings are neat and comfortable, and, as a whole, they have the reputation of being an industrious and enterprising class—which generally leads to competency in this world's goods, if not to affluence. The county is watered by the Beaver river and several small streams, furnishing power for conducting a large number of flouring and grist mills, saw mills, woollen mills, &c. Besides Whitby, the County Town, there are about fifty villages, most of which are in a prosperous condition—more extended descriptions of the principal ones will be found in another portion of this work.

The following abstract shows the amount of agricultural produce, lands held, occupiers of land, &c., census by origin, census by religion, personl census, &c., for the county:—Total occupiers of land, 3,645; occupiers of 10 acres and under, 73; occupiers of 10 to 20 acres, 69; occupiers of 20 to 50 acres, 383; occupiers of 50 to 100 acres, 1323; occupiers of 100 to 200 acres, 1,736; and those occupying 200 acres and upwards, 61. Amount held in acres, 358,627; amount held under cultivation, 205,353; amount held under crops, 145,386; amount held under pasture, 57,129; amount held under gardens and orchards, 2838; amount held under wood and wild lands, 153,274. Cash value of farms in dollars, $10,887,582; cash value of farming implements in dollars, $468,686; produce of gardens and orchards in dollars, $39,-

479. Quantity of land held by townspeople not being farmers, 13,411. It is situated in the midst of an excellent growing country, 9 miles from Whitby, and was first settled about the year 1832, by Richard Butler, who is still residing in the same log-house. The first post office was established in 1852, Edward Oliver, Postmaster, who was succeded by Wm. Ross, and finally reappointed, and is acting at the present time. The village contains one church, viz: Canada Presbyterian, built of frame about seven years ago; there is also one common school, numbering about 80 pupils, of whom Benjamin Wood is teacher. The Orange Society, Lodge No. 796, hold its meetings here on the first Tuesday of each month. The business of the village is thriving and consists of two stores, one excellent hotel, kept by George Metcalf; 1 blacksmith; 1 waggon-maker; 1 saddler; 2 tailors; 2 carpenters, &c. Daily mail. Population 250.

BEAVERTON.—A large and flourishing village, situated on the Eastern Shore of Lake Simcoe, at the mouth of the Beaver River in the Township of Thorah and North Riding of the County of Ontario, was first settled by Donald Calder, about the year 1828; the Post Office was established in 1836, Mr. James Ellis being the first postmaster, at present conducted by Mr. Donald Cameron. The village contains four church denominations, viz: Canada Presbyterian, built of frame about 18 years ago at a cost of $900, of whom Rev. John McLaughlin is the pastor. The Presbyterian Church of Scotland, built of stone about the year 1844, under the pastorage of the Rev. David Watson. The Primitive Methodist Congregation hold their meetings in the school-house, Rev. Edward S. Rupert pastor, and the Catholic Church, a frame building, erected about 1855, Rev. John Braier, priest. The Orange Society hold meetings hereon the first Tuesday in each month; the Lodge, No. 798, was established about 8 years ago, W. J. McLeary, Master, and Charles H. Davidson, Past-master. The Sons of Temperance have also a lodge here, viz: Fidelity, No. 389, meeting every Monday evening. The village contains several well stocked stores, three hotels, two tanneries, one common school, several carpenters, blacksmiths and boot and shoe makers. The river affords excellent power for the carrying on of two manufactories, two saw mills and flouring and grist mills. In the summer season the Steamer "Emily May" calls at Beaverton, on its route to Bell Ewart and Orillia in connection with the Northern Railway, distant from Bell Ewart, 30 miles, from Whitby 40 miles. BROOKLIN.—A post village in the township of Whitby, County of Ontario, situated on Valley Creek, 5½ miles from Whitby, was first laid out in the year 1840, by John Campbell and Daniel S. Way, the eastern portion was afterwards laid out by John McGee, and the northern portion by B. F. Perry; the Post Office was established in the year 1847, Dr. Ware being the first postmaster, and was succeeded by Mr. Robert Darlington the present postmaster. The village contains three churches, viz: Episcopal Methodist of wood, built in 1846, at a cost of $1200, and now under the pastoral care of the Rev. O. G. Colomore. The Wesleyan Methodist also frame and rough-cast, built in 1856, at a cost of $1200, the present pastor being Rev. John Shaw; and the Canada Presbyterian Church, also frame, built in 1862, at a cost of $2,100, the Rev. Mr. LaBelle being the pastor. The Church of England congregation hold occasional services in the town hall. The Town Hall was built in 1849, at a cost of about $1600. There is one common school under the charge of Mr. John J. Tilly, assisted by Miss Thomas; the school-house is of brick and built about the year 1854. The creek furnishes power for carrying on three good flouring mills and a pump factory. The village also contains two good hotels, the Globe under the excellent management of Mr. A. Alexander, and the Brooklin Hotel by Mr. A. Perrie, two general stores, a large woolen factory carried on by Messrs. Mathewson, Ratcliff & Co., who are also merchants of the village, a fine cabinet factory belonging to Mr. N. Phippen who has lately moved into a new and commodious building, a tin and stove store, several tailoring establishments, two blacksmith and waggon shops, carpenters shops, &c. Daily mail. CANNINGTON —A beautiful village, situated on the Beaver River in the Township of Brock, County of Ontario, is situated in a rich agricultural district, 36 miles from Oshawa, 37 from Whitby and 20 from Lindsay; the Port Hope & Beaverton Railroad is intended to pass through the village when completed. The village was first laid out about the year 1848 by Alexander Munro, the post office being established soon afterwards, the present official, Mr. Charles Gibbs being the first postmaster. The village contains two churches, viz: Presbyterian Church built of frame, in 1861, and the Wesleyan Methodist, frame, built in 1855 at a cost of about $800. The New Connexion Methodists meet in the town hall, Rev. J. Shuttleworth pastor. The town hall was built in 1864, the president being W. Maybee, Esq.; there is also a frame school-house, built in 1865, the principal of which is Mr. John Stanfield, who has an average attendance of about 70 pupils. The Orange Society hold a lodge here, No. 568, meeting the first Friday of each month, Matthew Cowan, Master. The river supplies water power for carrying on two flour and grist mills, saw mills and carding-mills. A fine brewery is also in the village turning out about 800 gallons per week, besides which there are two hotels, four stores, a tannery, a new cabinet manufactory, and two or three saddlers shops. Population about 350.

OSHAWA.—The village of Oshawa is situated in the township of East Whitby County of Ontario, about two and a-half miles from Sydenham Harbour, a port on Lake Ontario. This village is beautifully laid out in a section of country unsurpassed in the province for fertility and cultivation, having excellent water power and provided with every facility for transportation. A large business is done in the produce of the country, and the place is especially celebrated for flour of a very superior brand. Several manufactories have been established in the village making extensive shipments of their goods to different parts of Canada and giving employment to a large number of mechanics, who in their turn are always supplied with ready cash while purchasing their temporal necessities at the numerous and well supplied stores of the Oshawa merchants. The Grand Trunk Railway has a station here, at which all trains stop. Distance from Toronto thirty-three miles, and from Montreal three hundred. Oshawa contains one, if not the most extensive foundry and machinery establishments in Canada, that of the late Joseph

Hall, deceased; the concern is carried on by the executor, Mr. F. W. Glen, in the manufacture of mowers and reapers, threshing and separating machines, ploughs, steam engines and oil-well machinery. The establishment consists of a machine shop 265 by 40 feet, a foundry 110 by 50 feet, a forging shop 60 by 30 feet with warehouses, sheds, dry house &c. to correspond. The machinery is worked by a steam engine of 75 horse power and about 100 hands are constantly employed.

Next to this establishment we may speak of the Oshawa Cabinet and Chair Factory, conducted by the firm of E. Miall & Co. This establishment has facilities for turning out large quantities of furniture of every description which finds its way all over the Canada's, both East and West; from 70 to 80 hands are kept in constant employment.

Messrs. Luke & Brothers also do an extensive business in the manufacture of furniture, giving employment to about 40 hands.

Messrs. A. S. Whiting & Co. have an old established business in the manufacture of scythes, hoes and forks, and in order to keep up with the increasing demand, they have lately built a new and commodious factory near the railway station where they produce their celebrated implements, bearing the Oshawa brand, which sustains a well merited notoriety, both at home and abroad.

The village contains two excellent flouring mills conducted by Messrs. Gibbs & Brothers, the brands of which are more favorably acknowledged by dealers and consumers than any other mill in the country.

In the tanning business Oshawa is justly celebrated, boasting as it does of two very extensive tanneries, one in South Oshawa carried on by Messrs. Robson, Lauchland & Co., and one on the mill-race conducted by Mr. Wm. King.

One newspaper is published here, viz: the "Oshawa Vindicator," ably edited by the proprietors, Messrs. Luke & Larke; the paper enjoys an extensive circulation and no better proof of its favour can be given than the liberal support it receives from the merchants of Oshawa and surrounding towns and villages.

The Ontario Bank has a branch here which has been established about 8 years, it is now under the excellent management of Geo. E. Shaw, Esq.

The merchants of Oshawa, as a class, are enterprising, energetic and public spirited. The stores, which are mostly built of brick, are well supplied with goods, which for quality, variety and price enables the seller to compete with any house west of Montreal. Farmers visiting this town from any part of this and adjoining counties will find here a market second to none in Canada for the disposal of their products, and from which they can supply themselves as reasonably as from any retail town in Canada.

THE CONDENSED ATMOSPHERIC AIR BATH.

THE LATEST DISCOVERY OF THE AGE,

LOCATED IN OSHAWA, CANADA WEST.

THE subscriber would announce to the public of Canada, that he has discovered a new method for the treatment and cure of diseases, which surpasses any other treatment that ever came before the public.

He has made Physiology and the Laws of Life a study for many years, and has become convinced from scientific principles that the healing art, as practiced at the present day, by many persons, is absurd in science, false in philosophy, contrary to common sense, and, too often, fatal in practice.

He would introduce his new system of treatment under the name of *Aropathy*. —It is a principle upon which the laws of life and health depend. It is a principle upon which the vitality of the system may be increased without any undue expenditure of vital force. It is a well-known fact in natural science, that a rare or light atmosphere will induce debility in a healthy person in a very short time, while on the contrary, a dense or heavy atmosphere will invigorate an invalid in the same ratio.—Now by forming an atmosphere twice the density of a common atmosphere, a person can inhale twice as much air at a respiration, without experiencing the least inconvenience, and without any possibility of any injurious effects in any case whatever.

The invention for producing this new atmosphere, consists in the formation of an iron apartment, called a bath, made air-tight, with a door for entrance, and lighted with thick plate glass, and ventilated by a safety-valve inside, by which the density can be regulated from one to fifteen pounds to the square inch, at the option of the occupant; and, also, another iron vessel which is called a purifier. The air is then driven by a large double acting force air-pump, through an iron pipe into the purifier, and from that by another pipe into the bath, to any density that may be required, and is then passed off through the valve. The amount of air passed into, and through the bath, is about thirty cubic feet per minute. The temperature of the atmosphere is made to a degree that is the most agreeable to the condition and convenience of the invalid, and a constant stream of pure air is continued during the time that they remain in the bath, which term is regulated according to the condition of the invalid. The bath is sufficiently large to accommodate three or four at a time, with comfort, and sufficiently lighted to see to read, or do fine sewing, or any common amusement, such as checkers, chess, &c.

The merits of this bath have been tested in the treatment of the following chronic diseases, viz:—

Diseases of the Heart, Diseases of the Head and Throat, Bronchitis, Liver Complaint, Dyspepsia, Asthma, Catarrh, Nervous Affections, Nervous Headache, Palpitation of the Heart, Paralysis, Deafness, Neuralgia, Rheumatism, Diabetes, Diseases of the Lungs, Consumption in the early or middle stages of the disease.

I have treated some cases of insanity, and some of them considered the most hopeless cases by attendant physicians, and in a few days had them perfectly restored to their senses and to rejoicing friends. I have also tested its merits in acute diseases of various kinds, both in young and old, from the infant of three weeks old to persons of mature years.

Scarlet Fever, Bilious Fever, Bowel Complaints, etc., have been cured without exception, in a very few hours treatment, and I feel perfectly safe in making the assertion that any acute disease can be cured with the use of the bath in its commencement, in a few hours.

All those who are suffering under almost any chronic disease, can find relief by this treatment, in far less time than by any other treatment now in practice, without any injury, it being perfectly safe under all circumstances.

For further information, testimonials from high authority and any other matter appertaining to this treatment call on or address (post paid),

PORT PERRY.—A large and flourishing village, situated at the head of Lake Scugog in the township of Reach and County of Ontario, seventeen miles from Whitby and having steamboat connection with Lindsay about thirty miles distant. Lake Scugog is one of the most picturesque inland lakes in Canada, and the village is situated in the heart of a good agricultural country and a rapidly improving district and is destined to become an important town in point of business. It possesses excellent water privileges giving power to several flour and lumber mills a stave factory and woollen mill. The village was laid out about the year 1850 by J. Stougton Dennis for the Port Perry Land Co., and the first post office established in 1853 by Mr. Joseph Bigelow the present postmaster. It contains two churches, the Baptist Church of frame, Rev. Joseph King, pastor ; and the Methodist Episcopal also frame, built about 1855 at a cost of about $1000, and will seat about 300, Rev. Mr. Wills, pastor. There is a common school of brick, Mr. Wm. Meredith principal teacher, with an average attendance of one hundred and eighty pupils. Also a Mechanics Institute, Joseph Bigelow, Esq., President, and W. J. Trounce, Esq., Librarian, number of volumes about 250. Messrs. Paxton & Co. have a large flouring mill manufacturing about 4,000 barrels per year, employing two engines one of 40 and the other of 60 horse power, and from 30 to 40 hands. These gentlemen also do a large amount of gristing. They have also a large saw mill turning out about two million feet of lumber each season. Mr. W. S. Sexton does about the same amount of business and employs three engines amounting in all to about 60 horse power. Mr. Joseph Bigelow has, probably, the largest assortment of merchandise in the country, his store being well known through this and adjoining counties. Mr. Bigelow also manufactures lumber to the amount of about 800,000 feet per season, 2,200,000 shingles, 325,000 flour barrel staves, and 100,000 barrel heads. He has in use one engine of about 40 horse power and gives employment to from 30 to 40 hands. Mr. Goode does an extensive business in the manufacture of brick and drain tiles. There are several other trades represented in the village, such as saddlers, tinsmiths, boot and shoe makers, &c. There are two hotels, one of which is the "House of all Nations" which contains a new and commodious hall, Mr. Kirsten proprietor. Daily stage to Whitby. Population 550.

PRINCE ALBERT.—A large and important village in the Township of Reach and North Riding of the County of Ontario. This village, together with Port Perry, Borelia and Manchester, being from 17 to 20 miles distant from Oshawa and Whitby, are sufficiently remote to command a very tolerable amount of trade of their own; Prince Albert is pleasantly situated and is already quite a flourishing village. It was settled about the year 1843. The first church erected in the village was that of the Wesleyan Methodists, which was destroyed by fire in 1865, the Society is about building another, having already secured the ground, the building to cost about $3000, the material of brick, and size 40+55 feet; there is a Presbyterian Free Church, of frame, which cost about $2000; and a Bible Christian Church, also built of wood; Rev. Mr. Williams, pastor. The members of the Church of England hold services in the Town Hall, the Rev. John Pentland, B.A., being the pastor. There is also a Common School, built of wood, having an average attendance of 100 pupils; Mr. R. V. Langdon, Principal; and Miss M. J. Bates, assisstant. The Town Hall, which is a neat building of frame, painted white, cost with the ground about $1400; James Baird, Esq., is the president; Thos. Courtice, Esq., vice-president; John H. Brown, Esq., secretary; and Thos. C. Forman, Esq., treasurer. Prince Albert boasts of an Infantry Company, which was established in 1863. Captain, T. C. Forman; Lieutenant, John Billings; Ensign, George Richardson. The company meet every Saturday night, George White being the drill instructor. The Whitby and Georgian Bay Telegraph Company have communication here; Mr. Thomas Courtice, being the operator. The Councilmen of the Township of Reach hold their meetings here, and consist of the following gentlemen:—1st Ward, Albert Spring, Dep. Reeve of Epsom; 2nd Ward, J. B. Campbell, of Ashburn; 3rd Ward, James Graham, of Saintfield; 4th Ward, Charles Marsh, Reeve of Borelia; and 5th Ward, Joshua Wright, of Prince Albert. The village contains two good hotels, the Anglo American and the Victoria Hotel, both well conducted; there are several large and well furnished stores, a large tannery by Mr. J.

UXBRIDGE.—A large flourishing village situated in the township of the same name and about the centre of the North Riding of Ontario, twenty miles north of Whitby with a healthy farming community on all sides of it, and is the only wheat market for miles around. Possessed of good water privileges a great amount of lumber is manufactured here, and considerable business done in flouring. The amount of general business transacted is not surpassed by any village in the Riding, and possessing so many natural advantages, it is destined to hold a prominent place in the County. The villiage was settled in 1810 by a number of Quakers from the State of Pennsylvania, and in 1835, through the agency of Mr. Bascom, postal communication was first established, the present postmaster being George Wheeler, Esq. There are four churches in the place and another in course of construction. The Church of England, a frame building, was built in 1855, at a cost of $1,400, Rev. J. Gibson being the present incumbent. The Wesleyan Church was erected in 1857 and cost $1,000, the Rev. M. Stobbs being the Superintendent of the circuit in 1860. The Baptist Society erected a church costing $1,100, Rev. J. T. Dowling being their pastor; it is the best finished church in the village and will seat one hundred and

fifty comfortably. The Bible Christian Church was built in 1862 at a cost of $600 ; the pastor in charge is the Rev. Mr. Courtice. The church in course of erection consist of the Roman Catholic which is computed to cost, when completed, $1,400, Rev. Father Braire priest. A joint stock company are building a fine Hall 38 x 70 feet, the expense of which is estimated at $1,100. The Junior County Grammar School is located here, which, together with the Common School have an average attendance of 150 pupils. The village contains several stores, four good hotels, flouring and lumber mills, a sash and blind factory and the usual number of business stores for the manufacture and sale of saddles, hardware, tinware, drugs, &c. Daily stages to Whitby and Beaverton. Population 900.

VROOMANTON.—A Post Village in the Township of Brock, County of Ontario, 40 miles from Whitby. Population 60.

Parrish, Samuel, Postmaster.

WHITBY.—An incorporated town in the township of Whitby and South Riding of the County of Ontario, is situated near Lake Ontario and is a Station on the Grand Trunk Railway.

Being the County Town of Ontario it contains the usual buildings, viz: Court House and Jail which of themselves form no unconspicuous monument to the place. A great amount of mercantile business is transacted in the town; and as a grain market it can scarcely be excelled either in Upper or Lower Canada. The surrounding conntry is unsurpassed for the richness of its soil and its general agricultural advantages. The streets are adorned with several palatial residences mostly occupied by the merchants of the town. The most conspicuous, however, is a handsome residence lately built by Nelson G. Reynolds. Esq., Sheriff of the Court, lying on a rising ground in the eastern part of the town; to a stranger this magnificent residence would, probably, be taken for a college or some provincial institution as for size and expensive finish; is unequalled by any other private residence in Canada. The English Church, situated on Dundas Street, which is rapidly drawing towards completion will also prove an ornament to the town; it is built of brick intermixed with stone; is of the old English order of architecture and is of commodious dimensions. There are seven other churches in the town and two large school houses. In the manufacturing and mercantile line the town contains a large foundry carried on by Messrs. Brown & Patterson, two tanneries, numerous stores, about half a dozen hotels, and the usual number of mechanics, carpenters, tailors, &c.

The Bank of Montreal has a branch here enjoying the confidence of the surrounding merchants and others and is under the excellent management of W. R. Dean, Esq.

Two papers are published here, viz: the "Whitby Chronicle," conducted by W. H. Higgins, Esq., and the "Gazette" by James A. Campbell, Esq.; both papers have a large circulation, and represent the interests of the county. The distance of Whitby from Toronto is twenty-nine miles, and from Montreal three hundred and four. Daily mail and money order office. Population 3,000.

TOWNSHIP OF REACH.

THE Township of Reach is bounded on the north by the Township of Brock, on the south by Whitby and East Whitby, on the east by Lake Scugog, and on the west by the Township of Scott and Uxbridge. The Township of Reach was surveyed by the late Mayor Wilmot of Clarke, in the year 1809. It contains the thriving villages of Port Perry, Prince Albert, Manchester, Borelia, Epsom, Greenbank, and others. Population about 700.
